Highly motivated and detail-oriented Computer Science and Engineering student with a solid foundation in full-stack web development. Proficient in designing, developing, and deploying scalable web applications using the MERN stack (MongoDB, Express.js, React, Node.js). Skilled in creating responsive and user-friendly interfaces with HTML, CSS, JavaScript, Bootstrap, and Tailwind CSS, and experienced in implementing secure and efficient RESTful APIs for backend services. Strong understanding of software development principles, version control (Git/GitHub), and database management.

PROJECTS

[\[Link\]](#) Doctor Appointment Booking App:

- Built a full-stack platform for finding and booking doctor appointments, with user-friendly interfaces, admin/doctor panels for schedule management, and secure account authentication.

[\[Link\]](#) Event Management:

- Developed and deployed a full-stack event management platform using the MERN stack with secure JWT authentication, event creation, filtering, and real-time updates, featuring a modern UI/UX and responsive design.

[\[Link\]](#) Restaurant Management:

- Built a platform for menu browsing, food ordering, and payment tracking. Enabled user account creation and order history functionality.

[\[Link\]](#) MERN Authentication System:

- Designed and implemented a secure authentication system using the MERN stack.
- Included user registration, login, and session management with JWT for token-based authentication.
- Focused on building a seamless and secure user experience.

EDUCATION

Bachelor of Science in Computer Science and Engineering

Port City International University, Chattogram, Bangladesh

- Current Trimester: 10th out of 12
- CGPA: 3.94

SKILLS

Skills: React.js, HTML5, CSS3, Tailwind, Axios, JavaScript, Node.js, Express.js, MongoDB, Mongoose, RESTful APIs, JWT authentication, form handling and validation, Git, GitHub, Postman, VS Code, responsive UI design, problem solving, teaching, communication, and team collaboration.

COURSES and CERTIFICATIONS

Frontend Developer(React):[\[HackerRank\]](#), JavaScript:[\[HackerRank\]](#), Problem Solving:[\[HackerRank\]](#), Version Control:[\[Meta\]](#), MERN Stack Development – [2024] – OSTAD
